MEMORANDUM FOR: [REDACTED]  
THROUGH: [REDACTED]  
SUBJECT: Scope of New Watch Committee

1. Once the proposed policy of the scope of the Watch (or is it Warning) Committee has been established, it would be useful to check the new criteria (whatever is proposed, narrow or wide) against actual crisis situations of the past. In which crises would the new W. C. have been involved? The exercise might suggest modifications to the criteria.

2. The following is a list of some crises since 1950 against which any criteria might be applied:

Korea I (June 1950, North Korean attack)  
Korea II (November 1950, Chinese intervention)  
Berlin Wall
